

San Pedro Bay Ports Clean Air Action Plan

Clean Trucks Program Informational Workshop

Thursday, May 31, 2007

9 to 10:30 a.m.

**Hyatt Regency Long Beach
200 South Pine Avenue, Long Beach**

The ports of Long Beach and Los Angeles will host a workshop for **Licensed Motor Carriers**, and other interested parties, on a proposed Clean Trucks Program.

The goal of the proposed program is to replace or retrofit diesel powered trucks working in the ports with clean trucks, cutting air pollution by at least 80 percent within five years.

Two workshops for truck owner/operators are scheduled June 5, 9-10:30 a.m. and June 7, 6-7:30 p.m., at Banning's Landing in Wilmington.
